Circle of Women

May all mothers know that they are loved
And may all sisters know that they are strong
And may all daughters know that they are worthy
That the circle of women may live on
That the fire of the Goddess may burn on

Wehaheya wehaheya wehahey wehaheya

May all mothers know that they are loved
And may all sisters know that they are strong
And may all daughters know that they are
beautiful

That the circle of women may live on
That the fire of the Goddess may burn on

Wehaheya wehaheya wehahey wehaheya

May all mothers know that they are loved
And may all sisters know that they are strong
And may all daughters know that they are
powerful

That the circle of women may live on
That the fire of the Goddess may burn on

Wehaheya wehaheya wehahey wehaheya

Fire in our Blood

We are the weavers of the web
We are the keepers of the flame
We are the ancient ones returned
To reveal Her holy name

There is fire in our blood
There is fire in our blood
And it is sacred

We are the nurturers of life
We hold the mysteries of birth
Let us consecrate our blood
For the healing of the earth

There is fire in our blood
There is fire in our blood
And it is sacred

We are sisters of the Moon,
We drum and sing Her ancient song
We hold the power within our womb
To the Great Mother we belong

there is fire in our blood
there is fire in our blood
And it is sacred

We are daughters of Gaia,
Through our cycles we're made whole
We honour the holy fire
That burns deep within our souls

There is fire in our blood
There is fire in our blood
And it is sacred

Grandmother Song

I hear the voice of my grandmothers callin' me

I hear the voice of my grandmother's song

She says, "Stand in your power

Women stand in your power

Listen, listen, listen, listen"

I hear the voice of my grandmothers callin' me

I hear the voice of my grandmother's song

She say, "Give birth, give life

Mothers give birth, give life

Listen, listen, listen, listen"

I hear the voice of my grandmothers callin' me

I hear the voice of my grandmother's song

She say, "Teach them, be wise

Grow and teach them, be wise

Listen, listen, listen, listen"

I hear the voice of my grandmothers callin' me

I hear the voice of my grandmother's song

She say, "Wake up wake up

Child wake up, wake up

Listen, listen, listen, listen"

Savage Daughter

I am my mother's savage daughter
The one who runs barefoot
Cursing sharp stones
I am my mother's savage daughter
I will not cut my hair
I will not lower my voice

My mother's child is a savage
She looks for her omens in the colors of stones
In the faces of cats, in the falling of feathers
In the dancing of fire
In the curve of old bones

I am my mother's savage daughter...

My mother's child dances in darkness
She sings heathen songs
By the light of the moon
And watches the stars and renames the planets
And dreams she can reach them
With a song and a broom

I am my mother's savage daughter...

T

We are all brought forth out of darkness
Into this world, through blood and through pain
And deep in our bones, the old songs are waking
So sing them with voices if thunder and rain

We are our mother's savage daughters
The ones who run barefoot
Cursing sharp stones
We are our mother's savage daughters
We will not cut our hair
We will not lower our voice (x3)

One Planet turning

Am C G Am

One Planet turning circling her path around the sun
Mother Earth is calling, Her children home
Light is returning, Even though it's been the darkest hour
No one can hold, back the dawn
Let's keep it burning, Let's keep the flame of hope alive
Make safe our journey, through the storm
